

Homeschooling Support Group + Wisconsin Parents Association = Strong Homeschooling Families!

Being a member of support group means having opportunities to build local relationships, share ideas, and get day-to-day support. Being a member of Wisconsin Parents Association means supporting an organization committed to watching legislation and protecting our hard-won homeschooling freedoms. WPA is a grassroots organization dedicated to protecting the good Wisconsin homeschooling laws that allow each family to educate their own children according to their principles and beliefs.

When families join WPA or renew their membership through a local support group, they pay your group \$35, which is the regular WPA membership fee. Your group keeps \$5 and sends the remaining \$30 to WPA.
